## **PROFILE**

My name is Gabriel Smith and I am a set medic in good standing with IATSE 478. I have worked in emergency medicine as an EMT, then as a paramedic since 2005. In 2014 I was asked by a colleague to fill in for him on a film called, Life At These Speeds (1 Mile To You). I had never had the urge or desire to do anything in the film industry, that is, until wrapping that day in December. I had continued to work full time on the ambulance until recently when a number of opportunities were presented to me in both television and featured films. I am striving to continue learning as many aspects of the business as I can, while providing the best service possible. I hope that you will consider my experience as a positive when hiring for your next production.

## **EXPERIENCE**

Set Medic, Magnolia Movie Medics - 2014-Present  
Paramedic, Pafford EMS - 2017-Present  
Paramedic, AMR - 2005-2017

## **SKILLS**

I am an active nationally registered paramedic, who undergoes continuous education training every year. I am certified in CPR, Advanced Care Life Support (ACLS), Pediatric ACLS and Advanced Trauma Life Support. I am also knowledgeable in following set etiquette as well as filing incident reports and filling out workers compensation paperwork. Having dealt with 1000's of patients in my career dealing with almost every medical and trauma emergency.

## **KITS**

Oxygen kit with supplies

AED

Drug store kit with numerous over the counter medications

Trauma kit with supplies
