Professional Experience

JNickMiller Productions – Director/Camera Operator/Editor

January 2016 – Current

With over 12 years of camera and editing experience, I am a self taught videographer and editor that has worked on well over 200 client paid projects. These projects have ranged from working with artists to create music videos they dreamed of, business clients that needed a special promotion, directing live productions, or religious organizations that needed their message spread in a high quality experience. All of my work can be found on my [Youtube](#) or on my [Instagram](#)

Elephant Quilt Productions – DP/Camera Operator/Video Editor

July 2021 – Current

My role for this production house is to assist whether it be Director of Photography, Camera operating, or video editing for any and all projects. From live editing at festivals to shooting small documentaries, I am able to fit where help is needed for any project. [Vimeo](#) - [Youtube](#)

“Trapp Tarell” Youtube Channel – DP/Camera Operator/Video Editor

August 2018 – Current

I helped create the current style of videos for this channel/artist. With quick turnaround times being a must, I help keep the audience engaged with creative storylines and push for a short movie-like experience every time. [Youtube](#)

Pitbulls and Parolees – Production Assistant

March 2019 – July 2019

To expand on my exposure of working in Feature Film production I accepted a position to gain just the type of exposure desired. My main job in this position is to assure that the production team is fully setup to work whatever shots they need. I also assist camera operators with setup and assist with staying organized with gear.

Northwood Church - Media Engineer/Production Team Lead

September 2011- - October 2015

Upheld the production team with management and producing of video and graphics for weekend services and events. Management of team included producing concert quality effects and visuals for an audience sometimes over 500 people.
