## ABOUT US

GRANNY'S ALLIANCE HOLDINGS, INC (GAH) **currently** holds Federal, State and Regional Contract awards, Petroleum and Utility MSA's, and is proud to support alliances throughout the United States. This vast experience has prepared us to be efficient in the tasks that are presented to us and build a reputation that includes integrity, quality equipment and excellent service.

We have deployed throughout the United States **since 2002** providing **wildfire support** at remote locations, experienced the devastation of **Katrina, Rita, Ike, Gustav, Irene, Isaac, Sandy, Matthew, Harvey, Irma, Maria, Florence and Michael** with the complicated environmental issues created by monumental disasters. Most recently supported major impacts due to the **COVID-19 pandemic by standing multiple Medical Field Hospitals, supplying medical supplies and providing medical staff.**

Our experienced team continues to provide first line support as during the Baton Rouge Flooding for the **STATE OF LOUISIANA** by providing Mobile Showers, ADA compliant showers, Laundry Units, Water Support Services, Hand-washing Units and Mobile Restrooms. **Granny's Alliance Holdings is proud to have been the Prime Contractor** for the **STATE OF NEW JERSEY** during **Hurricane Sandy Response and Recovery** providing **(2) 4000 Turnkey mega base camps** for Utility Workers and Survivors. Our team of experts worked flawlessly and tirelessly during Sandy and the subsequent Nor'easter to provide expert management, site prep, catering, power generation and billeting, full ablation services, security, badging, MWR's, laundry services and State of the Art attention to detail.

GAH does not provide the "box-car" mentality with the cheapest service you can get, but realizes the importance of each person who walks into our MOBILE SHOWER UNITS, sleeps in our MOBILE SLEEPING UNITS, and appreciates the necessity of clean clothes from our MOBILE LAUNDRY SERVICE. We provide the best service at a best value to our clients and customers.

By providing State-of-the-Art green & clean equipment to the **Petroleum Industry** we allow for a safer workplace for the crews working in the upstream, midstream and downstream arenas. We expertly provided housing, shelters, showers and laundries during the **USW Petroleum Strike**, Wildfire Deployments throughout the West, **PG&E and other Utility Companies Base Camps** in California, the extreme Baton Rouge Flooding and of course multiple deployments for Hurricanes including months in Puerto Rico for Hurricane Maria. Our base camp support and multiple shelter resources provided excellent service and equipment in the wake of Hurricanes Florence and Michael in 2018.

**"We cannot express our gratitude enough for the outstanding working relationship with your entire staff. You have a great group of professionals with excellent equipment that are very service oriented."**

## FORWARD OPERATING BASES / MAN CAMPS

GRANNY'S ALLIANCE HOLDINGS team of experts has over 50 years of experience providing State-of-the-Art equipment and services establishing permanent or semi-permanent structures for complete living and operational needs. As proven with our multiple base camp deployments we are capable of smaller base camps to MASS CARE operations including catering within hours of arrival on site. Our team works closely with our contracting officers, FEMA and NGO'S to serve efficiently and compassionately during emergency deployments. Covid-19 Social Distancing Guidelines applicable as needed.

Our Asset Owned Equipment along with the best team of professionals provides you complete full service operations: Catering, billeting, showers, laundries, restrooms, security, badging, MWR's, and all other requirements for a seamless operation

*We are proud of the relationships we have developed with our Government Emergency Managers, Contracting officers, friends in the private sector, Environmental Response, Petroleum Industry, Healthcare, Energy and Utilities Teams. We take these relationships very seriously and will move beyond the call of duty to make sure the task is accomplished with pride and perfection*

## FOOD SERVICE / CATERING

Granny's Alliance is strategically aligned with some of the best caterers in the industry to provide excellence in Food Service and Catering. From our Northern Ops Connection serving the Northwest to our Southern chefs we provide the best of the best. Large mobile units have the ability and experience to deploy quickly and be ready to serve large base camps while our smaller mobile units cater to the smaller man-camps and private events. All chefs are certified in all food-handling requirements and exceed your expectations for menu preparations.

## SHUT DOWN & STRIKE FACILITIES

350 PERSON MODULAR BASE CAMP

**GRANNY'S ALLIANCE HOLDINGS, INC.** has multiple years of experience supplying equipment and emergency response services to the petroleum industry. From the Deepwater Horizon incident to providing strike shutdown base camps during the United Steelworkers (USW) strikes to other turnaround services, our company has an excellent performance history.

***“Granny’s Alliance was able to provide quotes, layouts, and detailed specifications expeditiously. As expected when planning for such a large event, many last-minute changes arose and Granny’s Alliance was able to adjust and respond to our needs. The equipment provided was of excellent caliber; clean and in excellent condition. Granny’s Alliance personnel were professional and able to address repairs and adjustments with all the equipment as needed. In the event of an emergency response such as a hurricane here on the Gulf coast, I plan to use Granny’s Alliance as my first choice for all my equipment needs.” Jennifer***
