EXPERIENCE

Jackson Revival Center, Jackson,MS — *Camera Operator*

June 2019 - PRESENT

- Set up light and audio for on-site and on-location filming, record footage and resolve technical issues.
- Operate television studio cameras during live production.
- Operate studio lights.
- Use both video and still shot cameras every Sunday morning.
- Set up equipment for inside and outside shots.
- Improve shots by adjusting the positions and controls of cameras and their related equipment.
- Work with directors and technical staff to determine the camera actions needed for each part of the filming.
- Compute ratios to determine the important shot variables, including lighting requirements, shutter angles and character distances

Jackson Revival Center, Jackson,MS — *Audio Technician*

April 2019 - PRESENT

- Regulate volume levels and sound quality to minimize unwanted sounds.
- Collaborate with producers and performers to provide guidance during live productions.
- Maintain and repair audio equipment, including troubleshooting and diagnosis.
- Set up recording equipment, microphones, and speakers to document live events and share speeches and performances with audience members.
- Record on-site and studio-based sounds by professionally setting up and configuring microphones.
- Coordinate placement and setup of ambient sound microphones.
- Met with clients to discuss requirements and assess needs
